

KOVACH KIDS .COM

Dear Parents,

Welcome to KovachKids.com! This web site has been designed for students, parents, grandparents, friends and the community to be kept informed of what is going on in our classroom and to provide additional resources for parents and students. It is also a great opportunity for the students to develop their internet skills and learn cyber safety.

One of the links on our page is dedicated for projects that the children complete in class and at home. The students will be working very hard this year on some great projects and displaying these projects on our web site would be a wonderful way to showcase the students' accomplishments. In order for me to display your child's project on our website, I will need your parental permission. Anytime that your child's name is on the internet, it will be their first name and last initial or first name only. Last names will not be made public. Furthermore, your child's picture and project will be on the secure section of the website. I will provide you with the username and password.

If for any reason you do not wish to have your child's work displayed on our web site, or if you have any concerns or questions, please contact me immediately. In order to get your child's projects up on our site in a timely manner, please return the attached permission slip. If a signed permission is not received for a student, his/her project, picture and name will not appear until permission is granted.

Thank you for your cooperation. Please feel free to preview our web site at [www.kovachkids.com](http://www.kovachkids.com).

Sincerely,

Danielle Kovach
